ChaTech Announces Scenic City Summit
Premier Event for Local Tech Professionals Set for July 22nd

CHATTANOOGA, TN - The Chattanooga Technology Council (**ChaTech**) is pleased to announce the return of **Scenic City Summit (SCS)**, Chattanooga's largest IT professional development conference, live and in-person for the first time since 2019. SCS connects professionals across industries, platforms, & businesses to share new methodologies, emerging technologies, & practical knowledge on unique, engaging topics.

This year's conference is a one-day-in-person event at the Chattanooga Convention Center on Friday, July 22nd. Starting at 8:00 am, SCS is a full day with more than 40 sessions from a variety of local, regional, and national speakers. Lunch will be included in your ticket cost and there will be all-day opportunities to connect with others from the tech community. We are extending discounted tickets to Students, Educators, and Veterans as well as groups.

"Scenic City Summit is a tech community institution and we are excited to hold the event in person this year," said Walton Robinson, Executive Director of ChaTech. *"With presentations on an array of topics and presenters from all over the globe, we hope this year's conference will create renewed momentum for Chattanooga's technology ecosystem."*

Currently, there is no other conference in Chattanooga like this. This year's conference includes topics such as containers in the cloud, functional programming, Microservice REST APIs, using Azure functions, and JAMstack architecture. This year's keynote speaker Michael Dowden will bring topics such as serverless technology and how lean systems help maintain resiliency for your organization.

About ChaTech
ChaTech is Chattanooga's Technology Council. ChaTech's mission is to connect Chattanooga's technology sector to help drive economic growth across the region. ChaTech serves the Chattanooga area by connecting the regional technology community, investing in the region's technology workforce and talent, promoting Chattanooga as a top technology hub, and helping grow the regional economy. It is a membership-supported professional association. Learn more: www.ChaTech.org

About Scenic City Summit
Scenic City Summit started in 2016 as a community developer conference held on the campus of the University of Tennessee Chattanooga. Since then it has moved to the Chattanooga Convention Center and expanded the content to include data science, cloud & DevOps, UX/UI, and other topics to make SCS an event for technical professionals throughout the region.
